## Master's Programme in New Media

It is possible to apply for all courses. However, there may be restrictions, which are mentioned in the course description: the number of admitted students may be limited, or priority may be given to students of certain majors of Aalto University. The student is responsible for making sure that possible prerequisites are met. Kaikille kursseille voi hakea kurssikuvauksessa määritellyt rajaavat tekijät huomioiden. Rajoittavia tekijöitä ovat kurssikohtaiset esitietovaatimukset, rajoitettu osallistujamäärä tai etusijamenettely. Opiskelija vastaa esitietovaatimusten täyttymisestä.
