

Demo – Finnish EMREX Client to Norwegian NCP

This is a short guide on how to do a demo between the Finnish EMREX client and the Norwegian NCP.

Note: before running an important demo, make sure to contact the corresponding partners and check that there isn't any planned downtime for the system at that time. The demo uses test systems that can be changed or taken offline as part of normal development work.

Send email to emrex-support@emrex.eu to inform about the demo, include information about time and which part of the EMREX network you plan to use in the demo.

1 Go to emrextest.csc.fi/smp (<http://emrextest.csc.fi/smp>)
