

# Crowd update on fri 31.1.2014

The login server that manages confluence.csc.fi, jira.csc.fi, info.funet.fi and other services will be updated on fri 31.1.2014 at 15:00 UTC+3. Existing sessions should work, but new logins cannot be made while the update is in progress. Estimated length of update is 3 h.

After the update, openid service should become available from crowd.
